

UNAC 250

The UNAC 250, possesses **superb movement and medium lifting capabilities**. This high capacity road/rail excavator can perform **earthwork tasks directly from a railroad track** with great freedom of movement.

With an **excellent turning radius**, allowing for **easy manoeuvring**, the UNAC is authorised to work under live wires or where there is an adjacent track open to traffic. With **hydrostatic (9A)** capabilities the UNAC is great for long-distance travel on rail.
